

Cookies

Our website (altfidata.com and its subdomains) places cookies, which are small data files, on your computer or handheld device. This is standard practice for all websites.

Cookies are essential for helping us deliver a high-quality, functioning website to both subscribers and non-subscribers alike. For all visitors to our websites we use third-party cookies provided by Google Analytics to track page views and browsing behaviour. These statistics are not tied to any particular user or subscriber but are anonymous. They allow us to optimise our website over time and track the impact of any changes we make.

For subscribers, we use additional cookies to provide a functional AltFi Data system. For example, cookies are used as part of the login system that prevents unauthorised access to AltFi Data.

For more detailed information about the cookies we use, please contact us.

By using and browsing our website, you consent to cookies being used in accordance with our policy. If you do not consent, you must disable cookies or refrain from using the website.

For more general information about cookies please visit <http://www.allaboutcookies.org>
